

## STARFLEET Academy Course Catalog as of May 21, 2011

This is a complete list of the STARFLEET Academy's active courses at this time. It is a checklist and reference for the personal use of members, such as a check off of courses you have taken or courses you may want to take in the future. It is also a catalog for our offline members. RETIRED Colleges do not appear here.

Since there may be new Courses and Colleges or a change in personnel since this document was released (and before the next update) please consult the STARFLEET Academy web site for the most current listings. \*\*

You now have three ways of requesting courses from STARFLEET Academy:

1) Use the Request Courses option on the left-hand menu on the Starfleet Academy website at <http://acad.sfi.org/courses/index.php> or directly at <http://acad.sfi.org/courses/courserequest.php> \*\*

\*\* NOTE: During the transition from the old website to the new one sometime in 2011, the ONE completely up to date menu will be the Request Courses link. The old website may not be kept up while the webmaster gets the new website working the way we need it to.

2) Email the director and ask for the exams you want. \*

\* NOTE: If there has been a director change since this issue of the printed catalog, most former directors will forward your mail or email to the right person. If you have not heard from the director in 8 weeks (by postal mail), contact Carol Thompson at [betazoid@mosquionet.com](mailto:betazoid@mosquionet.com). Email correspondence may take up to 2 weeks, depending on the real-life schedule of the Director.

3) Send a letter to the director indicating what exams you want, and if you are going to conduct your correspondence by mail, send the required tuition and stamps stated on the college web page. This covers all expenses the director incurs by sending you exams and diplomas through the USPS. \*

Directors who live outside the USA will have "postal buddies" inside the US to handle mail from the USA. Students who live outside the USA are encouraged to conduct their studies by email.

Corrections to this catalog should be directed to [betazoid@mosquionet.com](mailto:betazoid@mosquionet.com)
